We'll give you up to \$100 in credits
for WCA continuing education courses
at a WCA convention.

**see reverse side for additional requirements*

We'll Give You up to \$100
in WCA credits for continuing education

WISCONSIN CHIROPRACTIC ASSOCIATION Membership Referral Program

PROGRAM DETAILS

The WCA membership referral program has been created to reward loyal members for recommending WCA to your chiropractic colleagues. **There is no limit on new member referrals or incentives!**

INCENTIVES

An approved referral results in up to \$100 in credits to be used towards continuing education courses at a convention hosted by the Wisconsin Chiropractic Association. Credits may only be used towards future courses within the current calendar year. Credits cannot be applied to previously registered courses, or be redeemed for cash. The following credit amounts will be available to approved referrers.

New Member's Status (years licensed)	Referrer's Incentive
DC<1 - DCY3	\$50 WCA CE credit*
DC	\$100 WCA CE credit*

ELIGIBILITY

To be eligible for this program, the referrer must be a current member of the Wisconsin Chiropractic Association. Membership dues must be current and in good standing before receiving the continuing education incentive.

Qualified Referrals occur when the new member completes a membership application and pays all applicable dues. The referrer, a current member of WCA, must be listed as the "referral source" on the membership application of the new member. If the referrer is not listed on the application, they will not qualify for the referral incentive.
